

WORKSHOP/ SEMINAR IN ART THERAPY: LEVEL I

27th MARCH 2010, 9:00 – 15:00

AASP CENTER, Limassol

About the Seminar/ Workshop

The participant will gain a basic knowledge of art therapy, its origins and development in to a profession. There will be presentation of a few case studies. Images from the art therapy clients from different populations will be examined including the work of people with developmental disabilities such as Autism and Asperger's syndrome. Hoda Mazloomian will discuss his own work as an art therapist in the USA as well as giving examples of work by other art therapists in the field. The participants will also be able to participate in hands on art workshop experiencing creativity within the group dynamic. Participants will have opportunity to ask questions and share their experiences with other individuals in the seminar.

The Art Therapist

For the last 23 years, **Hoda Mazloomian** has worked as an artist, art teacher and an art therapist. In 1986 he gained a BA in Creative and Performing Arts in Newcastle-Upon Tyne, in 1990 achieved a Teaching Certificate (PGCE) in Art and Design in Birmingham, England and in 1999 graduated from the Masters of Art Therapy program at the Art Institute of Chicago, USA. For the next 9 years he initiated and developed several art therapy programs in the USA and worked with a diverse population including children and adolescents with emotional challenges and youth and adults with Autism, Asperger's syndrome and other developmental disabilities and trauma. As a licensed, registered and Board Certified Art Therapist (ATR-BC) and a Licensed Clinical Professional Counselor (LCPC), he supervised several art therapy interns and developed a growing private practice working as an art therapy consultant for a number of institutions.
